*** Cancelled actions means those people on whom we had cut an action but who had failed to meet one of the screening requirements or have decided against Agency employment.

NOTE: The figures in the Recruitment Phase show the amount of business done in each category, but cannot be balanced one against the other, because not all candidates go through complete processing. Some examples: A man may have been tested but has never filed an application; or he may have filed an application and be rejected on the basis of it; or he may have been interviewed and rejected without being allowed to apply for JOTP.
